// 01 · OVERVIEW

WHY SELLO RETAIL?

THE CHALLENGE

Busy shops need billing that is fast at the counter, stock that stays accurate, and credit customers who are easy to follow up — without paying a monthly cloud fee or stopping when the internet drops.

THE SELLO RETAIL SOLUTION

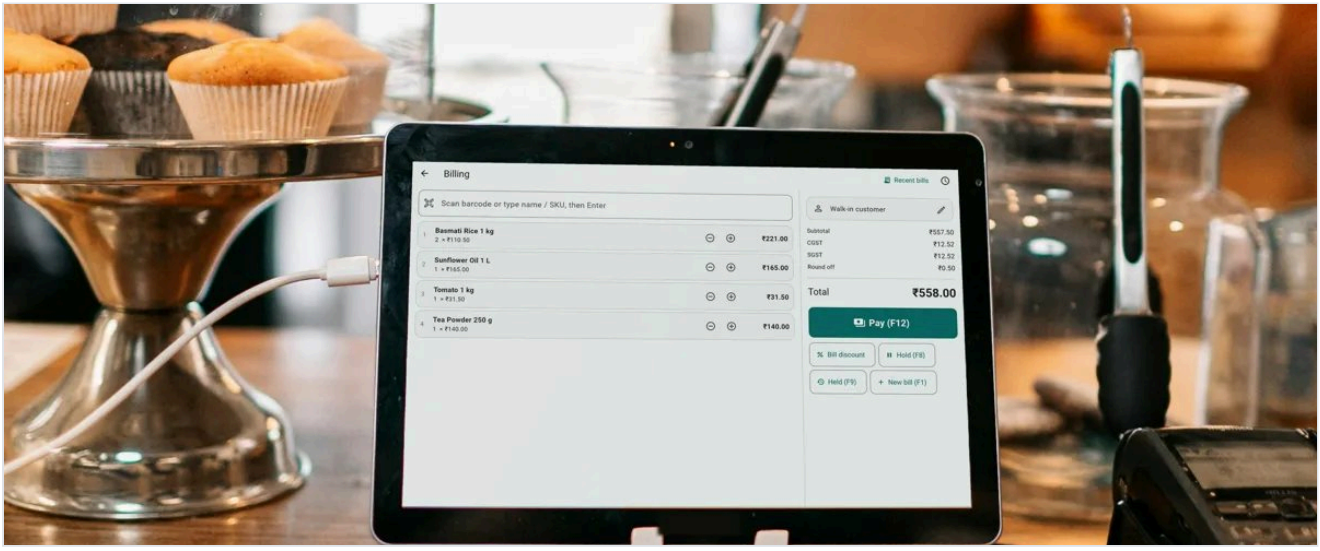

SELLO Retail runs on the counter PC, a tablet or a phone, with an encrypted database on the device. Billing, stock, purchases, customers, installments, ledgers, shifts and reports all work offline, in English, Arabic or Hindi, with the right tax for India, the UAE or Saudi Arabia.

BUILT FOR

- Supermarkets and grocery stores
- Electronics, mobile and appliance shops selling on installments
- Hardware, stationery and general stores
- Shops in India, the UAE and Saudi Arabia, each with its own tax

WHAT YOU GET

- Billing never waits for the internet
- One app on Windows, Android tablets and phones
- Credit and installment customers always up to date
- Your data stays encrypted on your own device

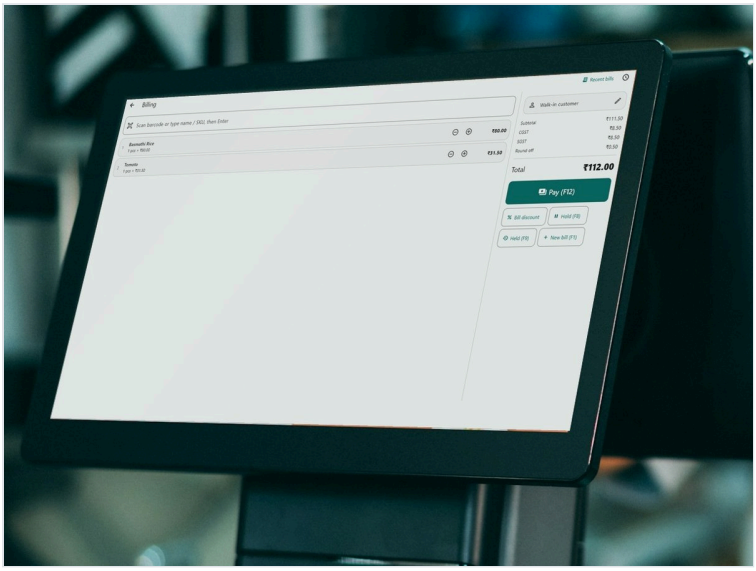

ON A TABLET The same fast billing screen on an Android tablet at the counter.

// 02 · AT THE COUNTER

BILLING & PAYMENT

Real screens from SELLO Retail on a Windows counter PC.

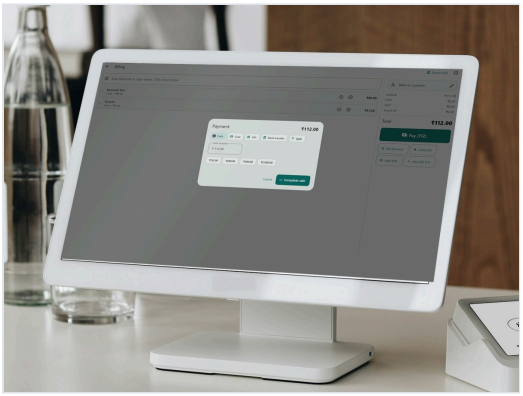

SELLO RETAIL ON WINDOWS

SCAN & BILL

Scan a barcode or type a name; GST or VAT is worked out on every line.

- F1 new bill · F2 search · F12 pay
- Item and bill discounts by role
- Hold, resume and returns

SELLO RETAIL ON WINDOWS

EVERY WAY TO PAY

Cash, card, UPI, bank transfer, credit or split — with a reference number for cards and UPI.

- Split one bill across methods
- Credit and installment sales
- Bill prints or shares as PDF

SELLO RETAIL ON WINDOWS

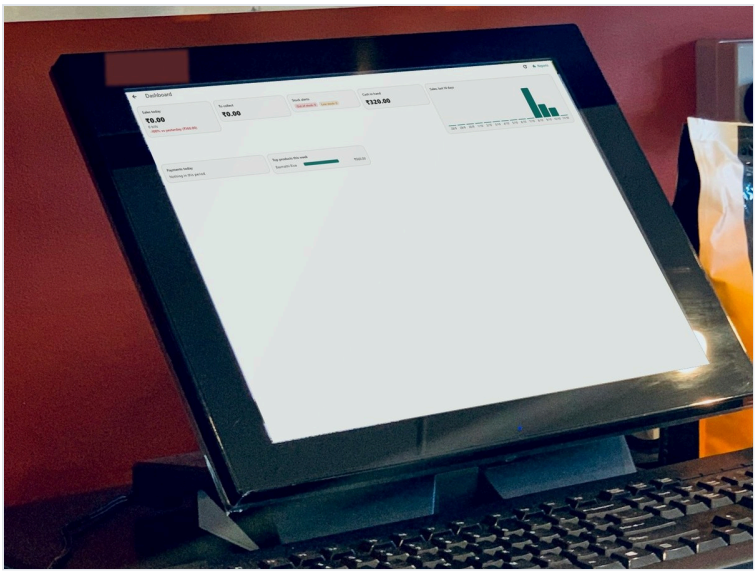

CUSTOMER DISPLAY

A second screen shows the customer each item, the tax and the total — and a UPI QR code to pay.

- Live as you scan
- UPI QR for the exact amount
- A thank-you screen after paying

// 02 · IN THE BACK OFFICE

REPORTS & CONTROL

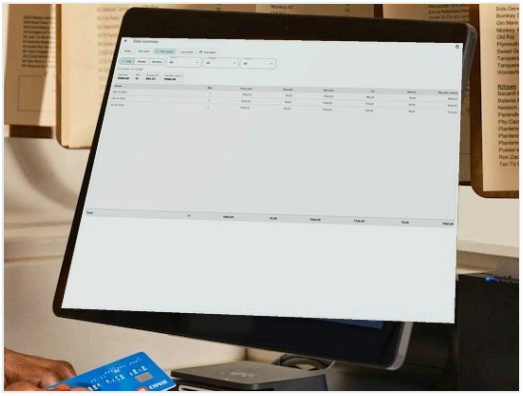

SELLO RETAIL ON WINDOWS

DASHBOARD

Today's sales, money to collect, stock alerts, cash in hand and the 14-day sales trend.

- Top products this week
- Payments split by method
- Low and out-of-stock alerts

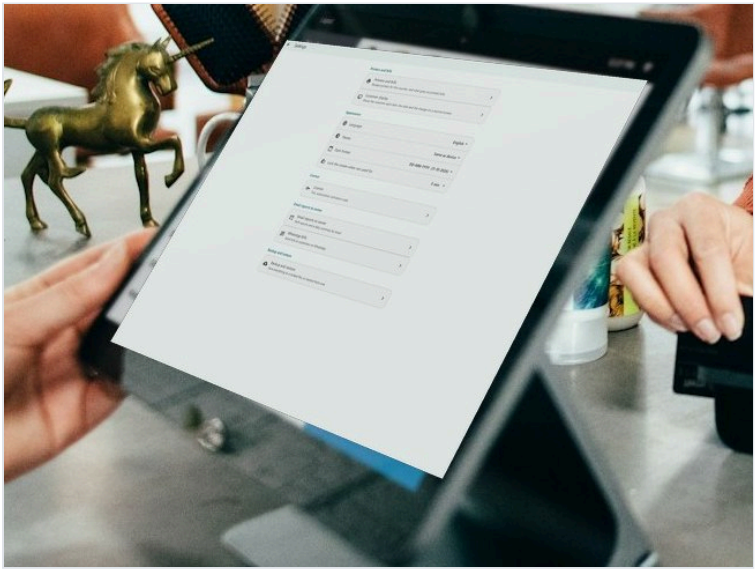

SELLO RETAIL ON WINDOWS

REPORTS

Sales, cashier, item, category, tax, HSN, profit, stock, purchase, customer and shift reports.

- Daily, weekly, monthly or any dates
- Export to PDF, Excel or CSV
- Filter by user, category and payment

SELLO RETAIL ON WINDOWS

WHATSAPP & EMAIL

Share bills with customers on WhatsApp and email reports to the owner.

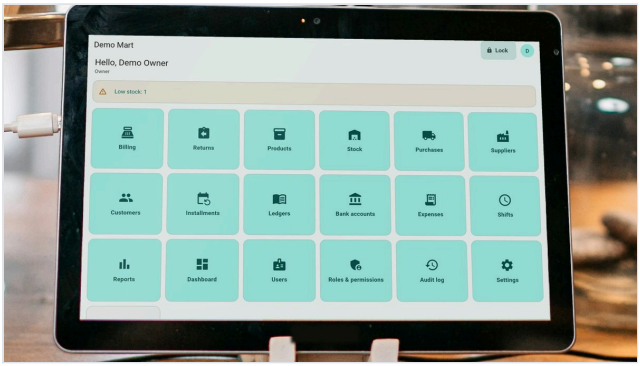

- Printers and customer display set-up
- English, Arabic or Hindi
- Backup and restore to a file

// 03 · TABLET & PHONE

ALSO ON TABLET & PHONE

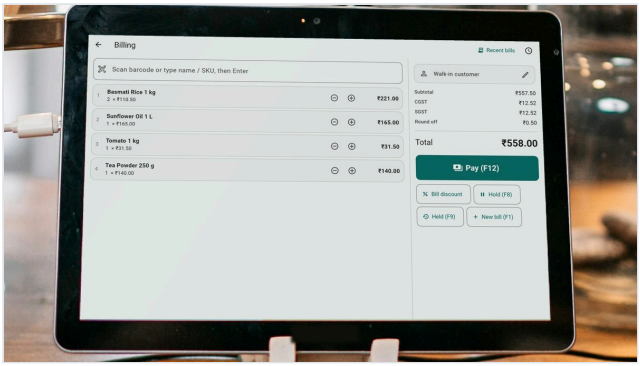

One app on Android tablets and phones, with the same data and features.

TABLET VIEW

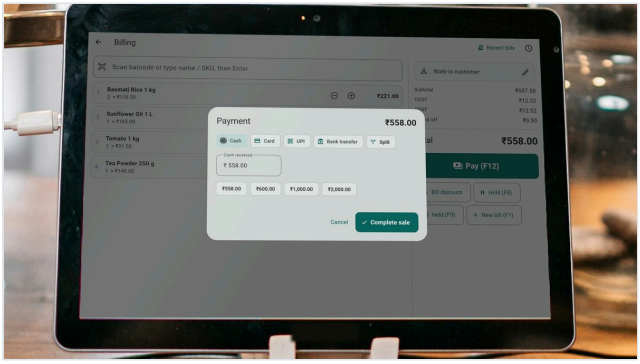

HOME

Every module on a counter tablet.

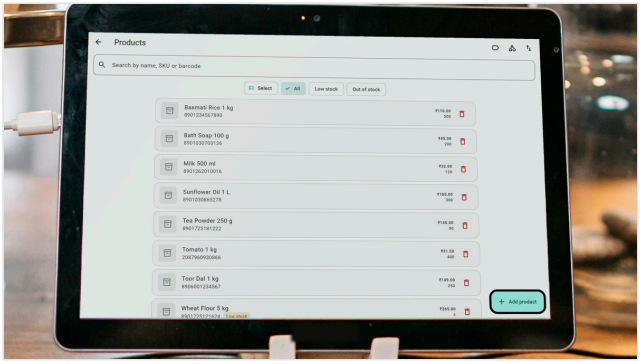

BILLING

Scan and bill with GST on the tablet.

PAYMENT

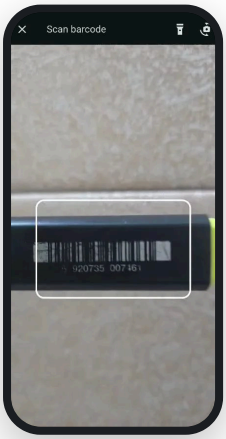

Cash, card, UPI or split by touch.

PRODUCTS & STOCK

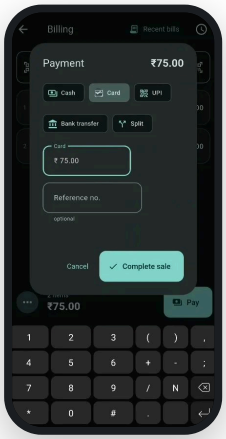

Barcodes, prices, stock and low-stock flags.

ON THE PHONE

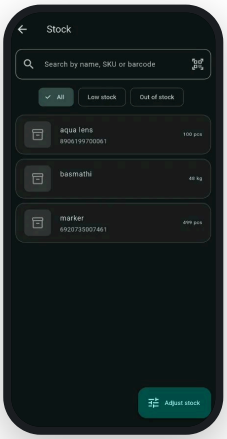

CAMERA SCAN

The phone camera reads barcodes.

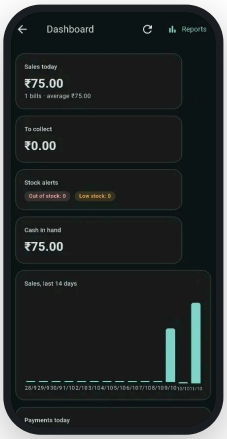

PAYMENT

Cash, card, UPI or split.

STOCK

Quantities and low-stock filters.

DASHBOARD

Sales and cash on the go.

// 04 · CAPABILITIES

KEY FEATURES

01
SCAN-AND-BILL
Barcode or name search, item and bill discounts, hold and resume, returns and exchanges, F1 / F2 / F12 shortcuts.

02
EVERY WAY TO PAY
Cash with change, card, UPI with QR, bank transfer, credit, installments and split payments.

03
CUSTOMER DISPLAY
A second screen shows each item, the tax and the total as you scan, plus the UPI QR to pay.

04
PRODUCTS & STOCK
Barcodes, variants, batch and expiry, low-stock alerts, stock adjustments, Excel import/export and bulk edit.

05
BARCODE LABELS
Generate barcodes for products that have none and print labels.

06
PURCHASES & SUPPLIERS
Stock in from suppliers — and scan a supplier's paper bill to fill the purchase in.

07
CUSTOMERS & INSTALLMENTS
Credit limits, installment plans with due dates, payments and printable receipts.

08
LEDGERS & EXPENSES
Customer and supplier ledgers, cash book, bank book, expenses and multiple bank accounts.

09
SHIFTS
Opening cash, and an automatic shift report with expected vs counted cash at closing.

10
REPORTS & DASHBOARD
Sales, cashier, item, category, tax, HSN, profit and stock reports — PDF, Excel, CSV, WhatsApp or email.

11
TAX FOR 3 COUNTRIES
India GST (CGST, SGST, IGST), UAE VAT and Saudi VAT, with support for ZATCA e-invoicing.

12
ROLES & SECURITY
Owner, manager, cashier and stock-keeper roles, PIN lock, auto-lock and a full audit log.

HOW IT WORKS

01 Install SELLO Retail on the counter PC, tablet or phone — each starts with a 7-day free trial.

02 Set up the shop: country and tax, products (or import them from Excel), printers and users.

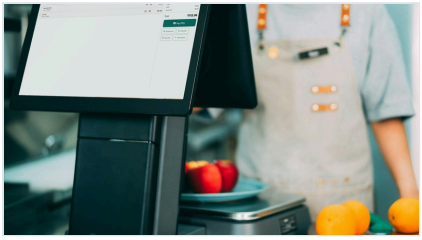

03 Bill at the counter: scan, take payment and print or share the bill, with the customer display showing the total.

04 Close each shift with its report, follow up credit and installments, and check the dashboard and reports.

// 05 · THE DEVICES

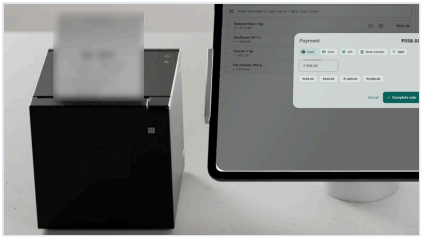

POS HARDWARE

We supply the POS hardware, install SELLO Retail, set up your products and taxes, and train your staff.

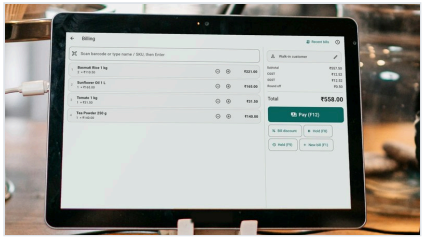

DUAL-SCREEN POS TERMINAL

All-in-one touch terminal with a customer-facing display.

RECEIPT PRINTER

Large touch screen for busy counters and the back office.

WORKS WITH

THERMAL PRINTERS

58 / 80 mm receipt printers over USB, Bluetooth or network, plus A4.

BARCODE SCANNERS

USB or Bluetooth scanners — or the device camera.

CUSTOMER DISPLAY

A second monitor on Windows facing the customer.

// EVERY POS PACKAGE INCLUDES

+ POS HARDWARE
+ SELLO RETAIL
+ INSTALLATION & SETUP
+ PRODUCT & VAT/GST SETUP
+ STAFF TRAINING
+ SUPPORT & AMC

// TECHNICAL DETAILS

UNDER THE HOOD

// TECHNOLOGY

Flutter app for Windows, Android and iOS with an encrypted SQLite database (SQLCipher) on the device. Money is stored in the smallest currency unit and tax is rounded per line by country. Prints to 58 / 80 mm thermal printers over USB, Bluetooth or network, and A4. Supplier-bill scanning reads text on the device without internet. Licensed by offline activation codes: 7-day trial, then 1, 2, 3 or 5-year plans.

YOUR DATA

Shop, sales and customer data is stored encrypted on your own device — not on a third-party cloud. Backup and restore to a file is built in.

FREQUENTLY ASKED QUESTIONS

Does SELLO Retail need the internet?

No. Billing, stock, customers and reports all work offline on the device.

Which devices does it run on?

Windows PCs, Android tablets and Android phones. An iPad / iPhone version is also available.

Does it support GST and VAT?

Yes — India GST (CGST, SGST, IGST), UAE VAT and Saudi VAT, with tax-inclusive or exclusive prices.

Can I sell on installments?

Yes. Set a down payment and installments with due dates; SELLO Retail tracks what is paid, due and overdue.

Is there a free trial?

Yes. Every install starts with a 7-day free trial; after that, an activation code unlocks a 1, 2, 3 or 5-year plan.

Do you supply POS hardware too?

Yes. We supply complete POS systems — terminals, tablets, printers, scanners and cash drawers — with SELLO Retail installed.
