// COMPANY PROFILE

INTELLIGENT POS, IOT & IT SYSTEMS

Software, smart devices and IT infrastructure for businesses, schools and homes across the UAE, Saudi Arabia and India.

// 01 • WHO WE ARE

ABOUT US

Anqah Tech is a software, IoT and IT solutions company based in Abu Dhabi, United Arab Emirates. We design and build our own products — the **SELLO** point-of-sale system, the **SELLO Lite** mobile POS app, the **Automatic Bell** and **Water Monitoring** — supply complete POS systems with hardware, and deliver web, mobile, CCTV, networking, automation and IT infrastructure for businesses, schools and homes.

VISION

To be the region's most dependable technology partner — where every shop, school and home runs on systems that are simple, smart and always on.

MISSION

To engineer practical software and connected devices that remove everyday friction, delivered end-to-end with honest pricing and local support.

OUR PROMISE

You work directly with the engineers who build your system. We design for how you actually work, keep it running with support and AMC, and stand behind every installation.

OUR PRODUCTS

SELLO

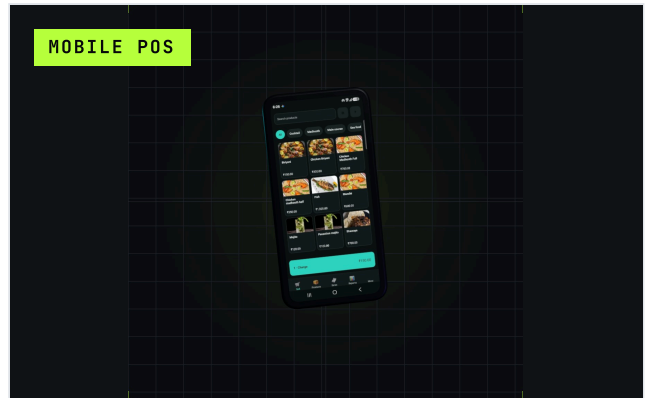

Complete point-of-sale and shop management for retail stores, restaurants and cafés — billing, inventory, kitchen display and reports, running on your own shop network.

RETAIL & RESTAURANT

KITCHEN DISPLAY

INVENTORY

VAT / GST

SELLO LITE

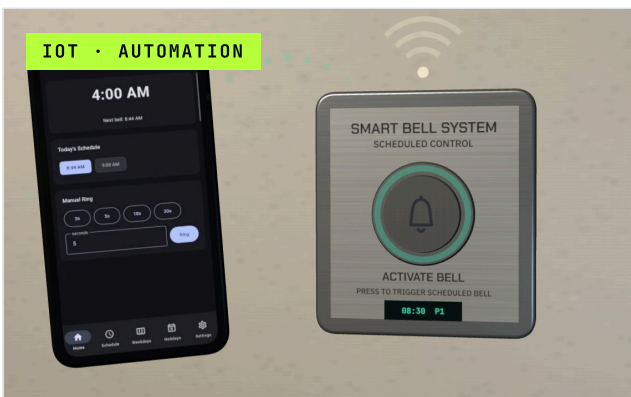

An offline point-of-sale app for Android phones and tablets. Sell, print receipts and see reports with no internet and no cloud subscription.

WORKS OFFLINE

PORTIONS

REPORTS

ARABIC

AUTOMATIC BELL

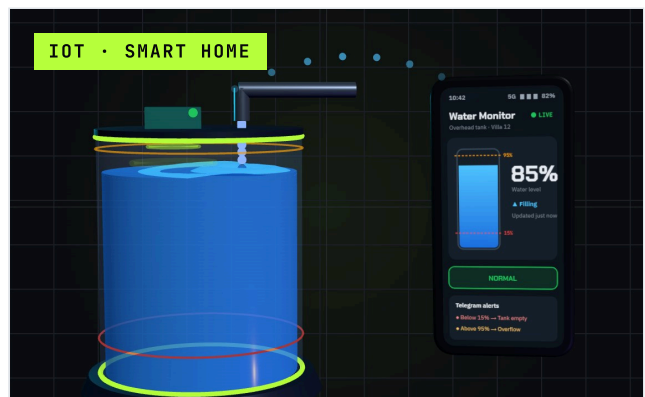

A WiFi bell controller that rings on schedule, skips weekends and holidays, and is managed from a mobile app.

SCHOOLS

COLLEGES

HOSTELS

FACTORIES

WATER MONITORING

Live tank level on your phone, with Telegram alerts below 15% (tank empty) and above 95% (overflow).

LIVE LEVEL

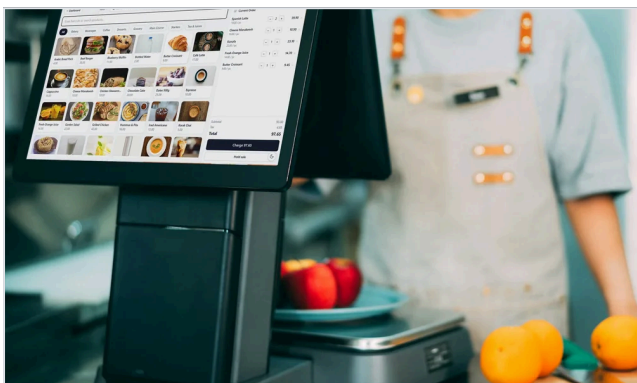

TELEGRAM ALERTS

VILLAS

BUILDINGS

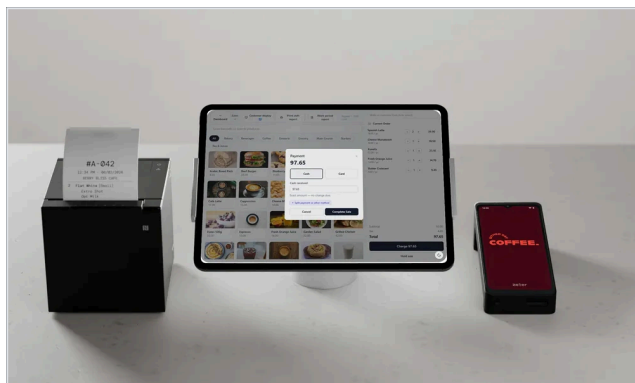

SELLO IN ACTION

One POS all-in-one solution for the counter, the dining floor and the kitchen — running on touch POS terminals, tablets and PCs on your own shop network.

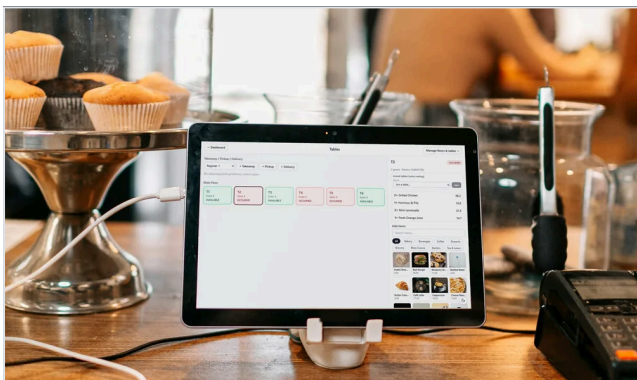

POINT OF SALE

Fast touch billing with categories, barcode search and a live cart with VAT.

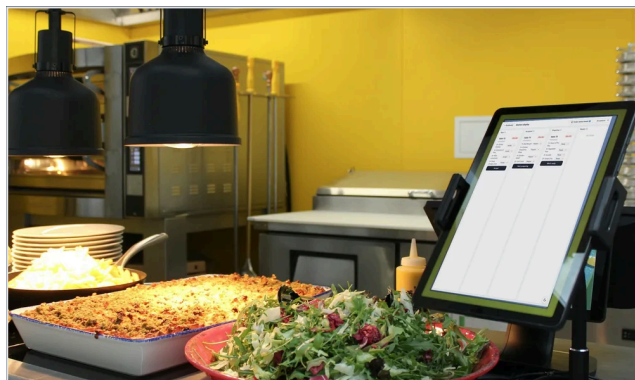

CHECKOUT

Cash, card or split payments, with change calculated automatically.

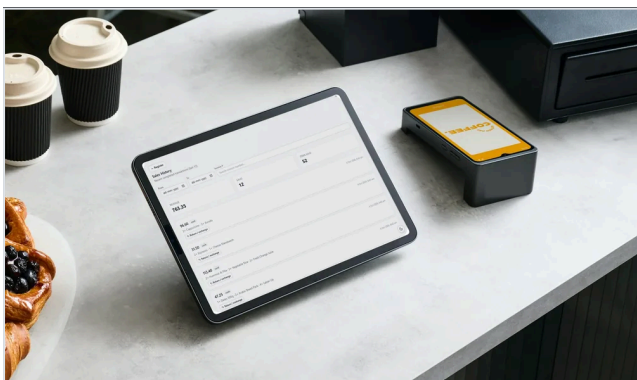

RESTAURANT TABLES

See every table at a glance, seat guests and manage orders in rounds.

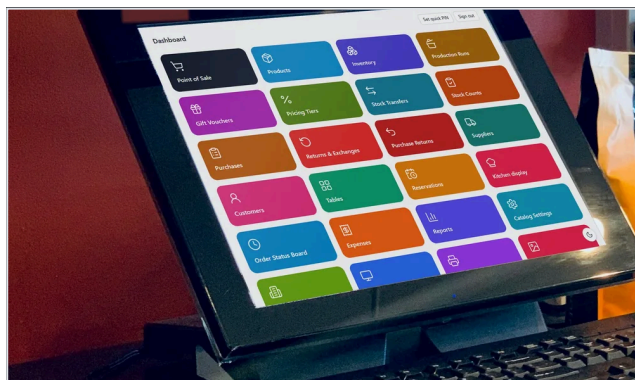

KITCHEN DISPLAY

Tickets flow from New to Accepted, Preparing and Ready at the kitchen pass.

SALES HISTORY

Every invoice with payment method, items and one-click returns or exchanges.

DASHBOARD

One home screen for POS, inventory, purchasing, kitchen, reports and settings.

WE SELL COMPLETE POS SYSTEMS

Hardware and software from one supplier. We supply the POS machines, install SELLO, set up your products and taxes, and train your staff — ready to sell from day one.

DUAL-SCREEN POS TERMINAL

All-in-one touch terminal with a customer-facing display.

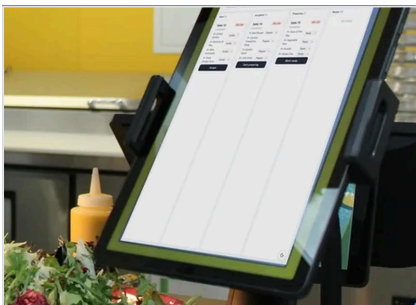

RECEIPT PRINTER

Fast thermal printing for receipts and kitchen tickets.

TABLET POS

Compact counter or table-side billing on a secure stand.

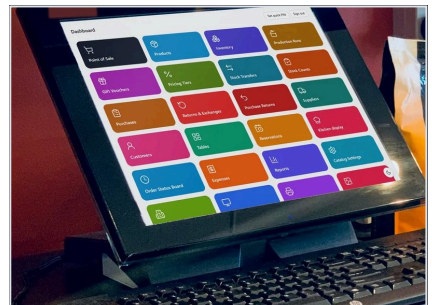

KITCHEN DISPLAY

A screen at the kitchen pass, so orders never get lost.

CASH DRAWER

Opens automatically on cash sales and keeps takings secure.

TOUCH-SCREEN POS MONITOR

Large touch screen for busy counters and the back office.

// EVERY POS PACKAGE INCLUDES

+ POS HARDWARE

+ SELLO SOFTWARE

+ INSTALLATION & SETUP

+ PRODUCT & VAT/GST SETUP

+ STAFF TRAINING

+ SUPPORT & AMC

WHAT WE DO?

Comprehensive technology solutions for modern businesses and homes — designed, installed and supported by one team.

01 WEB DESIGN & DEVELOPMENT

Responsive websites and web applications, optimised for performance and SEO.

02 MOBILE APP DEVELOPMENT

Native and cross-platform apps for iOS and Android.

03 DIGITAL MARKETING & BRANDING

SEO, social media, PPC and brand identity design.

04 POS SYSTEMS & HARDWARE

Complete POS machines with SELLO software, printers, cash drawers and ERP.

05 IT SOLUTIONS & INFRASTRUCTURE

IT setup, server management, networking and cloud.

06 CCTV INSTALLATION & SERVICE

HD/4K and IP camera systems — supply, install and maintain.

07 ACCESS CONTROL & ATTENDANCE

Biometric and card access, time attendance and intercom.

08 WIFI, GSM & NETWORKS

Enterprise WiFi, GSM signal solutions and structured cabling.

09 HOME, GATE & AC AUTOMATION

Smart home, automated gates, AC control and IoT living.

10 AUTOMOBILE SOLUTIONS

GPS tracking, dash cameras and fleet technology.

11 ELECTRICAL SERVICES

Wiring, sensor installation and automated electrical systems.

12 ANNUAL MAINTENANCE (AMC)

Preventive, on-site support for IT, CCTV, networks and automation.

WHY CHOOSE ANQAH TECH?

We don't just deliver technology — we deliver confidence.

OWN PRODUCTS

You deal directly with the engineers who built SELLO, the Automatic Bell and Water Monitoring.

END-TO-END

Design, supply, installation, training and maintenance — one partner, one point of contact.

RELIABLE & SECURE

Systems that keep working offline and are built with security in every deployment.

FAST TURNAROUND

Quick delivery without compromising on quality or detail.

LOCAL EXPERTISE

Deep knowledge of the local market, including VAT and GST tax setup.

FAIR PRICING

Premium solutions at transparent, competitive prices — no surprise fees.

INNOVATIVE

IoT, mobile and modern web technology applied to everyday problems.

FULL SUPPORT

Technical support and AMC packages for complete peace of mind.
